WHAT IS A CARE CLOSET?

The Care Closet provides relief to students and their families who are experiencing hardships and are in need of basic hygiene supplies, school supplies, non-perishable food items, lack of weather appropriate clothing, etc.

WHO GETS TO USE IT?

This will be a FREE resource for students and families to provide items they may not be able to afford. While this would be offered to all students, the intent is to share these items and resources with students and families that truly cannot purchase them on their own.

WILL EVERYONE KNOW THAT I AM USING THE CARE CLOSET?

NO! The use of the Care Closet is confidential and anonymous.

HOW DOES IT WORK?

Simply scan the QR code here! You will then fill out a Google Form using your student's ID #. Your items will be available for pick up in the Main Office the following day!
