

School Board**Board Member Services - Visitation to the Schools**

The School board encourages its members to visit District schools in order to become acquainted with school programs, personnel, operation, and facilities. In order to direct the procedures for school visitations by Board members, such visits shall be made in accordance with the following guidelines:

1. Board members may visit and inspect the schools as the good of the schools may require, after a courtesy check-in with the Building Principal or his/her representative;
2. The Building Principal may accompany the Board member during any school visit;
3. The Board member shall refrain from giving direction or making evaluations of personnel and operating procedures during the visit;
4. The Board member's observations, comments and/or complaints which result from a school visit shall be directed to the Principal and/or Superintendent.
