

Community Relations**Community Use of School Facilities**

School facilities are available to community organizations during non-school hours when such use does not: (1) interfere with any school function or the safety of students or employees, or (2) affect the property or liability of the School District. The use of school facilities for school purposes has precedence over all other uses. The District reserves the right to cancel previously scheduled use of facilities by community organizations and other groups. Persons on school premises must abide by the District's conduct rules at all times.

The Superintendent or designee shall develop procedures to implement the rental and use of district facilities. Use of school facilities requires the Superintendent's approval and is subject to the procedures.
