

★ STAR Testing ★ Student Instructions

Information

- Test is 34 questions
- You CANNOT use a calculator on the test but are encouraged to use scratch paper.
 - For some questions, an on-screen calculator may appear. That is okay for you to use.
- If you do not finish the test before the bell rings, click on “stop the test” and select “resume later”. It will keep track of where you stopped and you have **8 days to finish**. Ask for an LRC pass to finish during your guided study.

Getting Started

1. Open the desktop icon titled “Renaissance Place”
[or use this link: <https://hosted370.renlearn.com/177126/default.aspx>]

2. Click on “I’m a student.”
 - *Username*: student id number.
 - *Password*: month and day of your date of birth. Ex: April 16 would be 0416
 - ♣ If system asks for a Monitor Password, use “Admin” with a capital A.
3. Once logged in, click on “Take a Math Test”
 - Then click on your math teacher’s name and appropriate math class.
