Create a family fire escape plan

# 01 The Purpose of the Fire Drill:

Fire drills are intended to ensure, through training practice, that:

- people who may be in danger act in a calm & orderly manner
- those with responsibilities complete their tasks for safety of all
- escape routes are predetermined & practiced- and then used
- evacuation of the building is done in a quick & orderly manner
- people react and make good choices when confronted with a fire or other emergency when at school or elsewhere.

A graphic featuring a central white cloud-like shape on a light blue background. Radiating from the cloud are numerous dark red lines of varying lengths, some ending in small yellow stars with black outlines. The overall effect is that of a stylized explosion or a celebratory burst.
