Attendance Tips For Parents Let Children Know that Good Attendance Is Important:

- Become involved in your child's school life and school activities.
- Take an interest in your child's school work. Check homework for accuracy and completeness.
- Read the school newsletter. Post the school calendar and notes on the refrigerator, or other prominent location to highlight school activities and important student information.
- Do not provide inappropriate excuses for your child to miss school. Do not let them take time off from school for minor ailments – particularly those which would not prevent you from going to work.
- Don't expect or let older children stay home from school to babysit younger siblings.
- Set good examples and enforce rules. Speak well of the school and support school staff.
- Make a contract with your child to improve his/her attendance. Reward positive improvements.
