Attached is a spreadsheet with various topics. Please insert your name under along side of the topic you are interested in sharing information about. Once you have done so, I will send a confirmation of topic. Please feel free to adjust the topic so you are comfortable. There are suggested ages listed and we would like this resource page to provide information to the community for all ages, including parents and caregivers. Also, if there is a topic you had in mind, but don't see, feel free to reach out to Alli or I. Once you have picked a topic, please make a 1-3 min video and upload this the YouTube channel, but please select "unlisted" so that the facebook admins can release the videos at the appropriate time. The login info will actually be the same as the login info to login to this account. I will send a short video on how to upload the video.

Hello,

St Luke's has decided to discontinue their Back-to-School clinic this year for several reasons. Kiwanis and Community Cares have agreed to partner to continue the program with some modifications. Obviously, this year will need to be a drive-through event so it will focus purely on supplies instead of their clinic with doctors, dentists, hair cuts, etc. We are planning to have pre-sorted bags for elementary and junior high students. We are also going to focus more on just 308 students with our advertising and outreach, etc, however, we won't turn away any students from elsewhere. They served 300 kids last year, mostly from 308. We anticipate serving 500 this year and we are going to ask families to register so that we can be prepared.

Because of the drive-through format and St. Luke's not being involved, I was wondering if it would be possible to work with the district in some way so that we could use a school as the distribution point at no charge. We are currently working on sponsors to help purchase supplies and are doing a community-wide supply drive during the month of July.

We are planning to do this on Saturday, August 8th. The only reason would we need to be inside a building at all is in case of inclement weather and that's just to store the bags while we are distributing. We are planning to do the sorting individually the week before so we don't have to worry about social distancing, etc. We anticipate that the car lines could be quite long, so that is another consideration. There is some desire to keep it in the Boulder Hill area (including Thompson) but we are open to anywhere you think would work.

I'm not really sure who I should talk to about this so you are the lucky ones to get my email. Ha! Please let me know if I need to contact someone else about this. I also welcome any feedback or ideas for the program whether we use a district location or not.

Thanks so much. Have a great weekend.

The committee decided that Thompson Junior High would be perfect. Kiwanis hosts our annual pancake breakfast at OHS every February so our insurance is on file, but we can certainly provide an updated one. Karen Novy usually handles the reservations and she has access to the system. Can she enter the request and someone can let us know about the rental agreement and insurance?

I just heard from the Northern Illinois Food Pantry and they may be able to do a pop-up event for us that day as well. We're still figuring out logistics, but they want to get back into the community so this seems like a perfect opportunity.

Thanks so much for everything.

Here are two options to consider for the school supply pick-up. Either one would work for the District. We would want St. Luke's to complete a rental agreement (we wouldn't charge any rent) and provide a certificate of insurance.

Hi Christi,

I think Thompson or O3C will work. Both have gyms close to driving lanes. The only Saturday programs in August, at least on the rental calendar, at Thompson, going back to 2017, was summer band.

Thanks, and best regards,

Rob.

Hello,

St Luke's has decided to discontinue their Back-to-School clinic this year for several reasons. Kiwanis and Community Cares have agreed to partner to continue the program with some modifications. Obviously, this year will need to be a drive-through event so it will focus purely on supplies instead of their clinic with doctors, dentists, hair cuts, etc. We are planning to have pre-sorted bags for elementary and junior high students. We are also going to focus more on just 308 students with our advertising and outreach, etc, however, we won't turn away any students from elsewhere. They served 300 kids last year, mostly from 308. We anticipate serving 500 this year and we are going to ask families to register so that we can be prepared.

Because of the drive-through format and St. Luke's not being involved, I was wondering if it would be possible to work with the district in some way so that we could use a school as the distribution point at no charge. We are currently working on sponsors to help purchase supplies and are doing a community-wide supply drive during the month of July.

We are planning to do this on Saturday, August 8th. The only reason would we need to be inside a building at all is in case of inclement weather and that's just to store the bags while we are distributing. We are planning to do the sorting individually the week before so we don't have to worry about social distancing, etc. We anticipate that the car lines could be quite long, so that is another consideration. There is some desire to keep it in the Boulder Hill area (including Thompson) but we are open to anywhere you think would work.

I'm not really sure who I should talk to about this so you are the lucky ones to get my email. Ha! Please let me know if I need to contact someone else about this. I also welcome any feedback or ideas for the program whether we use a district location or not.

Thanks so much. Have a great weekend.

Robyn

Good Afternoon Robyn!

Would you have some time to discuss the County's CARES Act allocation with me? I know it's late afternoon - but I'm available now - or anytime this evening. Tomorrow I'm available anytime after 3PM. Thursday after 9AM - and all day Friday.

Thank you!!!!

Hi,

I'm sorry to bother you with this, but I wasn't sure who to ask. I have a delivery request for [REDACTED], but it looks like it's not actually in the district boundaries. Could you verify it for me, please? We get some out-of-district requests once in a while and I can usually tell by looking at the map, but I can't with this one.

Thanks.

Let me know if I can help - or if you need any information for your discussions about the HEROES Act.

Great, thank you!

That is amazing for Will. I was a call today with the state about the money we received, which is actually called CURE not CARES because of the way it was distributed. This is what municipal, township and county funds are distributed from. The money cannot be used for school districts because there is another source for you. It kind of feels like they make it deliberating confusing. Ha!

I spoke to Lauren Underwood about the HEROES Act that passed the House and it would be a huge help for school districts, but as of now, it won't even be called for debate in the Senate, so that's where I'm focusing my calls and emails.

Have a great weekend!

Hi Robyn ~ hope you are staying mentally, emotionally, and physically well during this proooooooooooooooooooooonnnnnnged ordeal! I wanted to reach out to you on a few things.

1. Meal distribution: I can't tell you how much the District and Aramark appreciates your band of volunteers. You ALL are THE best of this community!!! When the school year officially begins we will be moving to a delivery model to distribute food to our families in need. Although I know your volunteers are happy to help, I hope this will allow them some either well-deserved relief or the opportunity to assist in other areas of need.

2. I apologize if this question is a repeat, but has Kendall County received any CARES funding? Meta Mueller reached out to me last month about the Will County allocation of \$121M. They have an application process for government entities to tap into those funds and I'm working on the school district's application. I'm just wondering if Kane County has received a similar windfall and if they are looking for entities in need of some funding assistance.

That's all for now - thanks Robyn!

Hello! I have been thinking about you and the meals, but wanted to wait until you got through this week before I bothered you. I can't even imagine what life has been like for all of you. For what it's worth, I very much appreciate all of your work because I know it's been grueling. I know it wasn't easy to make the decision to go remote. You all have my respect for doing the right thing for the most students.

1. I am so happy that we have been able to help. Our volunteers have been wonderful and really enjoyed being able to help. I will admit I'm ready to have a break from scheduling though. HA! These last two weeks have been more challenging.

2. Because Kendall has less than 500K residents, we did not receive CARES money directly from the Treasury. All small county funds went to the state and were distributed to us in a program called CURE. We were allocated money based on population in unincorporated areas so we only received \$1M. We were told that the school districts and municipalities would receive their own allocations. Since we have so many students in Will Co I hope that it results in a lot of money for the district.

Let me know if you have any other questions. Also, please keep Community Cares in mind for other needs that come up.

Thank you,  
Robyn

Good Morning OE Family,

Now that the 20-21 school year is officially underway, I wanted to make sure to reach out to the Class 2024 and provide them with information regarding Oswego East Football. I am sure you didn't envision the start of your son's HS career would begin this way. All we can do is adapt and adjust. Due to the fact that last school year was cut short and we had an abbreviated summer camp, I felt it was important to our program to send out information pertaining to the football program.

Football at Oswego East is a No-cut sport. So any student that wants to join will be a part of the team. With the season being moved to the spring, there is no rush to make a decision now. I would also like to point out that previous experience is not required to join. We also have many multi-sport athletes that play football. So even if you play another sport, it is still ok to give football a shot. I know that injuries are often a concern for parents. Let me say that the game of football is safer than it has ever been.

I have finalized the Fall calendar and it is attached at the bottom of this email. I have also provided a link to a google classroom site (OE Football Class of 24) that we will use as one of our many communication tools. I know what you are thinking, great another google classroom!

As we get started, there are a few things that I want to give you some information about. First is our Fall calendar. The freshman team will be meeting on Tuesdays and Thursdays starting on Tuesday, Sept 1st. The first week will be from 5:00 to 6:00pm for weightlifting and speed training. Beginning on Tuesday, Sept 8th they will be practicing from 4:00 to 5:00pm followed by the weightlifting and speed training.

We will be following the same Covid-19 protocol that we did in the summer.

- Temperatures will be taken upon arrival.
- Players will answer Covid-19 screening questions.
- Players will wear a mask at all times when inside.
- When unable to social distance outside, players will be required to wear a mask.
- All football related drills will be non-contact.
- Players need to bring their own water bottles and towels
- Anyone that is not feeling well should stay home.

We are providing a waiver for players to participate in 7 on 7 drills during fall practice. The waiver is linked below and it will be placed in the google classroom as well. The waiver needs to be signed and returned for players to be allowed to participate in 7 on 7 during practice.

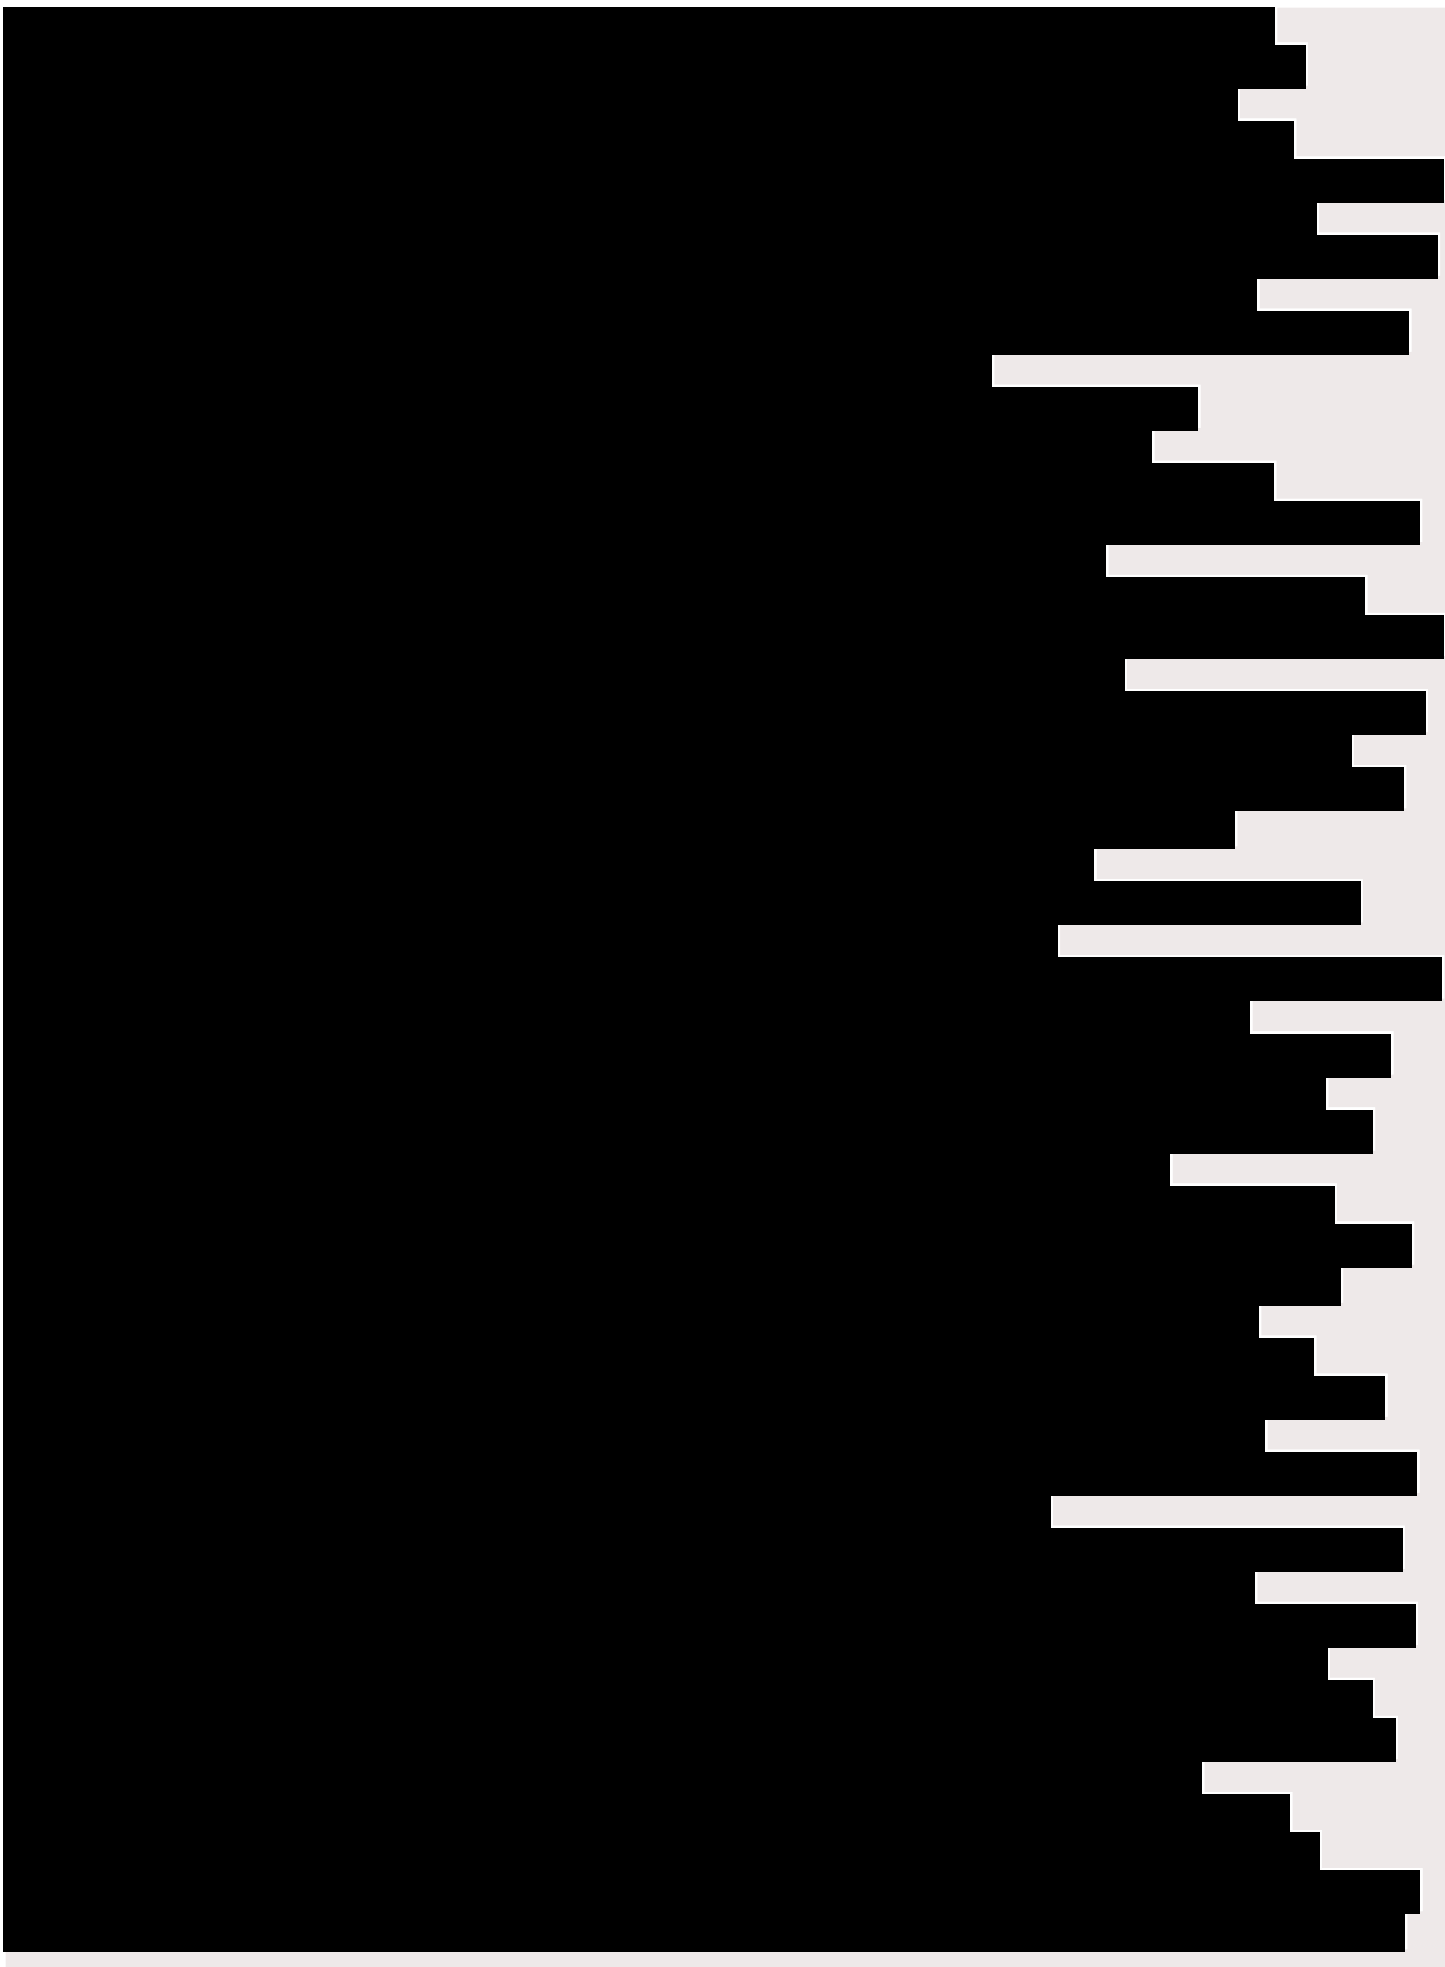

Finally, starting the school year remotely with no football season presents an added challenge. We take the academic success of our players very seriously. We have had a team GPA of over 3.0 for 7 consecutive years. Typically we are able to track our athletes grades from the very start of the school year. Without having registration for football, we are working on a way to be able to check our players grades weekly. Players need to pass 5 classes in the fall to be able to play in the spring. I will even go a step further and talk briefly about the potential for our players to get recruited by a college and the impact that grades have on the recruiting process. In the last 8 years the Oswego East has had 65 players get an opportunity to play college football. There have only been 4 of those players that had a GPA under 2.5. More importantly than the number of players that have gone on to play college football is the number of players that have received academic scholarships to attend college. That number is much larger. We have had former players attend Ivy League schools, and high academic institutions like Northwestern, Stanford, and University of Chicago. It is very difficult to raise your GPA if it starts out low. This first semester it is critical to get off to a good start.

Hi Ms. Vickers-

Thank you for speaking with me this afternoon! We really appreciate the extra help with this family.

Basic information: Parent is having a hard time getting to and from the store due to illness and has three students at home.

From parent: They do need laundry detergent, soap, toothpaste, deodorant, lotion, lysol. The kids love milk, mac and cheese, canned goods, chicken soups, noodle mixes, tea, lemon juice, and any other foods, they are not picky. SHE wrote in big letters: THANK YOU GUYS SOOOOO MUCH I AM SO SICK AND I WANT TO HELP MY FAMILY RIGHT NOW. THANKS FOR ALL YOU GUYS ARE ABLE TO DO TO HELP US GET BY!

Sizes (we will check the care closet at school too) but just in case people have items they would like to donate:

- 1. mens small tops, 30x30 pants
  - 2: Mens XXL, 36x32 pants
  - 3: girls: 12-14 shirts and pants
- Parent: womens 8/10

Please let me know if you think you guys are able to help. We would be able to do pick-up and drop off. I've included Colleen Brazzale, Dan Breyne and Abby Campbell in this email.

Thank you so much in advance!

Thank you,

SUBJECT: OHS Giving trees and Families in Need  
FROM: Colleen Predl <cpredl@sd308.org>  
TO: rvickers@co.kendall.il.us  
DATE: 09/12/2020 10:57

Hi there!

Wendy Monn and myself run the club BIONIC (believe it or not I care) at OHS and talked to Elizabeth Palatine today. We were telling her about our BIONIC giving trees and one particular family really needs our help. This family cannot make it to pick up the meals that schools offer, cannot make it to the food pantry, etc. They have such a sad story. We are trying to buy them gifts and get them food any way that we can. Elizabeth said you have potential to be a great help to us and this family!

Please let us know if you can help us or what questions you have, etc.

Thanks for your time!

Good Afternoon Committee Members,

Please disregard the last email. I apologize, it seems that the links did not work for everyone in the previous email. I have included all documents again so you have them in one place.

Please use the attached agenda with the links for the meeting and if you would like a hard copy, I can have that at the reception desk for you.

Thank you very much!

**Subject:** question posed through facebook

Good Morning Donna,

Last night I was forwarded the question you posed on Facebook. Please see my response below.

Your post on Facebook:

WHY, on Earth and for all that is Holy, were families allowed AGAIN to change the status for learning after we were all clear that the deadline back about 4-5 weeks ago was so that schools could adequately have time to alter schedules and class lists, create contact tracing seating charts, balance numbers in a room, and on and on??? Staff, OEA LEADERSHIP and building admin were blindsided by a surprised memo from DAC that oops, now you all can change your minds! No consideration to the weeks on planning (while simultaneously teaching students) and extra work we have all put in, no warning, parents knew AGAIN, before staff did. And now, we are all managing our new semester changes and curriculum and having to once again REDO it all??? This is total BS and I'm sick of it. So unprofessional and with no explanation WHY families were able to change their selections. Can ANYone explain it all to me? Very frustrating."

My response:

You stated that you were very frustrated because you had received no explanation. Please know that if I had received your question directly I would have answered it within 24 hours and provided an explanation. I am answering all the questions on the staff link on the website that we have provided so that staff can have their questions answered. I also am answering questions that staff send directly to me via phone or email. It is never my intent to have staff feel like there is no place to get answers. In fact, I work very hard at improving communication because I know it is the foundation of building relationships and trust.

I apologize that you feel that allowing parents to make a different choice was a surprise this week. That information was also included in the staff email that went out on Dec 18th. Even prior to Dec 18th, we had been allowing some parents to make the choice to move from in-person to remote because of some of the climbing covid rates. Some parents were feeling that that much had changed since they had made their choice in October so we had been allowing parents to switch. We put that information in the parent and staff email/video because we didn't want it kept as a secret.

Last week, we felt we needed to set a deadline to have all parents have made the choice so we could establish seating charts and class lists. That is the reason I sent out information to parents so that a deadline could be established. We also wanted to make sure that staff knew a deadline had been set. School administration had been informed of the deadline the day before.

I apologize that you are very frustrated. You posted that the decision to have a few parents make a switch of choices required a redo on curriculum. I do not understand that implication. Please call my cell at 630 222 8044 if you would like to explain that to me or talk further about your concerns. When you call, please let me know how many of your students made a switch. It is my understanding that it was very few, if any at all.

You mentioned in your facebook post that OEA and school leadership were "blindsided" by my email so I am copying them on this correspondence.

Please, as always, feel free to reach out to me directly when you have concerns. I believe that direct and open communication between the people in conflict usually helps ease frustration and misunderstanding better than postings of criticism on social media.

Thanks,  
Faith

Good morning Faith

If I am missing within the attached notification where staff was informed that parents would be able to change their HYBRID choices, please show me where I can reread that here. You mentioned we knew this prior to break.

Let me be clear on a few points... I am frustrated that teachers have been given several directives to update our hybrid class lists for groups A B C as well as our seatings charts. We were operating with the understanding that parent choices were finalized.

The lunch period in the schedule for junior high and high school students will be a study hall time during hybrid in-person learning.

**When do we choose and how long is the decision in place for in remote vs. in-person learning?**

Parents of Elementary and the remaining Early Childhood students will receive the form Oct 15, it is due Oct 21. The decision is then in place for the 2nd trimester (Nov 9- Feb 12).

Parents of Junior High and High School students will receive the form on Oct 15, it is due Oct 21. The decision is then in place for the 3rd quarter (Jan 6- Mar 12).

**Will families still have the option to continue remote learning once in-person learning begins?**

All parents/guardians will have the opportunity to register their student(s) for continued remote learning (Remote by Choice). The registration period for remote learning is staggered based on the proposed start day of in-person classes for each student group. Details will be sent to all parents/guardians when the choice to remain in a remote environment is due. Students without a Remote by Choice request on file by the designated deadline will be enrolled in the in-person

Personally, I believe if the plan changes that parents should get to change their decisions as well. But that is not at all my frustration or within my concentration. Then let's not have staff spend time finishing these by a December deadline (while simultaneously concluding semester with students and working on grades) for class lists and seating charts multiple times. That is my frustration that we keep having to redo these. Maybe this process takes more time then admin is aware of?

I have had multiple colleagues contact me sharing their tears, anxiety, frustration and feel the deadlines and decisions were set. In fact, I have spoken to two friends and veteran teachers in the past week who are now needing professional counseling to handle the stresses I posted about. This shatters me as a caring friend and colleague.

In regards to the following,

*You posted that the decision to have a few parents make a switch of choices required a redo on curriculum. I do not understand that implication.*

With a new semester, teachers are concentrating on new Google Classrooms, changes in student schedules, finalizing and posting grades and planning for new curriculum units. The comment

about redoing was in regards to hybrid ABC lists and seating charts (more than once) at the same time. My Hybrid numbers does not alter what curriculum I teach.

While I was typing this reply, another veteran 308 teacher texted me that they have been in tears all morning and having panic attacks. I did my best to listen and suggest that they put aside their redoing charts and lists until after the BOE meeting hoping for a more definitive time table. No one likes to waste time reworking the same task so we might as well wait until the final changes come through.

Faith, none of this is easy nor are each of our roles within the district. I have approached this usual time in teaching I. Stride and I am enjoying my students and classes with positive interactions and fun ways to learn remotely. Voicing my frustrations online or among private conversations is different for everyone.

You contacting me and my district leaders with what was shared online is one way to go. I wasn't aware that members of community fb groups were sharing a direct pathway to my questions or frustrations for personal replies. I appreciate the prompt response I received from you in regards to my concerns.

Thanks  
Donna

## Good Morning SD308 Staff,

We plan to move into hybrid instruction in a staggered approach. This is being done to make sure we have adequate assistance to support staff as they switch to new technology, new ways of tracking COVID for students and new modes of instruction. The emphasis is on moving our neediest and youngest students to the hybrid model as soon as we can.

Staff should be prepared to be at work in the schools for at least one full day on January 13th. Staff should also be prepared for students to move to the hybrid and remote by choice options as early as January 19th. Please review the schedules below for more details. We realize that we will need to watch COVID rates during Winter Break and may possibly need to change plans but we want the staff to know our most optimistic plans for returning students to some in-person instruction. We will provide another update by January 11th.

It is our hope that staff and students will work/learn more in person as the semester progresses.

SUBJECT: OE Freshmen Football

FROM: Tyson Leblanc <tleblanc@sd308.org>

TO: undisclosed-recipients,;

BCC:

[REDACTED]

DATE: 09/02/2021 10:09

Good Morning OE Family,

I am sending out this email to make sure that all of the freshmen boys that are interested in playing football this spring have all the info needed.

The Spring football season starts on Wednesday, March 3rd. All practices will be after school. The normal scheduled time is 3:00 to 5:00pm. However, considering the unique situation that we are in this season. We will have to be flexible while taking weather and gym space availability into account. All freshmen games are played on Saturday mornings.

The football team is currently working out 3 days a week. Monday, Tuesday, and Thursday. Freshmen linemen go from 4:30 to 5:30pm and the skill players go from 5:00 to 6:00pm. We meet inside door #41. As in the fall, all covid protocol is being followed.

If your son wants to play football here is what you need to do:

- Get registered on the OE 8to18 website [OE Athletic registration](#)
- Turn in a current physical to the Athletic Office
- Get on OE Football Class of 24 Google Classroom [Class of 24 GC Link](#)
- Attend a Mandatory Team meeting this Wednesday, Feb 10th @ 7:30pm. Link will be provided in the google classroom

If you have any questions please contact Head Freshman Coach Jeremy Hillman @ [jhillman@sd308.org](mailto:jhillman@sd308.org)

Thanks and GO PACK!

Good Evening,

As you know, the tighter meeting restrictions have been lifted at this time. We would very much like to go back to in person meetings, but we also want to be sure that everyone is comfortable attending. As you know, we need to have a quorum present and we do not have the capability to go to hybrid meetings.

If you could send me back in just one sentence what you would prefer going forward, I would very much appreciate it.

We can re-evaluate for meetings after spring break if needed.

Thank you very much for your input!

Hi Robyn,

I have not heard this frustration concerning wasted food - but I just saw the FB post you made. I'm assuming this is coming from the amount of meals left over from the grab and go stations at the JHs and HSs. When these grade levels returned to school we needed to guess how many students who chose in-person instruction would actually take a bag. So more meals were delivered to the schools so that meals would be available to everyone who needed/wanted a bag. After a few days of monitoring how many bags were actually being taken at each building, an adjustment in the bag counts was made.

Having said all that, I'm sure there are still 'leftovers'. I do know that once the bag is delivered to the schools, our food service provider can not take them back - I believe this is a health/safety issue. I know some of our building admin have delivered extras to food pantries and/or to other places that provide meals to those in need. I would love to work with Community Cares in getting this extra food to families in need. I'll speak to Aramark and our building admin to get a sense of how many meals and what we can do to logistically make this successful. I'll be in touch very soon!

On Sat, Feb 20, 2021 at 1:49 PM Robyn Vickers <[REDACTED]> wrote:  
Hi Christi,

Hope you're doing well. I imagine you've heard that there are people in the community up in arms about the meals that are handed out. For some reason, people are really twisting it into a rant about how much food is being wasted. I know that many of the meals are frozen for future days, but I wanted to offer Community Cares as a partner to help minimize loss. We support three families with food each month, so sometimes people will give me extras from their bags and I give that to our families. I also accept the non-perishable food to distribute and put in the little pantry at the library. I don't know if the homeless shelters are accepting food, but we could arrange for drivers to transport it. If that is possible or if you have any ideas on how we can help support the program and help additional folks, I have volunteers clamoring to help.

I know how much good this program does for kids in the community so I really hate to see it attacked the way it has been the past few days. Hopefully, we can come up with something to quiet them and help even more people.

Thanks,  
Robyn

Yep. The bags have 3 days of breakfasts, lunches, and 6 milk cartons each day they are in-person - so twice a week. It was decided that these bags would be heavy/cumbersome for the little ones - especially if they have to climb the steps of a school bus. That's when the mid-day curbside was added so that parents could pick-up their students and drive directly to OH to pick up food. We have been averaging about 300 bags at the mid-day curbside service. When we started hearing from working parents who couldn't make the early morning or mid-day pick-up - we added the evening service. This just started yesterday - but they did 180 bags last night. We've also started publicizing that older siblings at the JH or HS could take extra meals for the younger ones - or for neighbor kids! We are trying everything we can think of to get food in the hands of the kiddos who need it - and are open to any ideas and truly appreciate you and your group of volunteers in helping us accomplish this goal!!!!

On Tue, Feb 23, 2021 at 3:30 PM Robyn Vickers [REDACTED] > wrote:

What about elementary? A few people have reached out that they don't get food there and they would be happy to take extras. I assume there's a reason why they aren't getting it.

On Tue, Feb 23, 2021 at 2:27 PM Christi Tyler <[ctyler@sd308.org](mailto:ctyler@sd308.org)> wrote:

So here's the scoop:

### **Junior High**

Community Cares would pick up extras on Tuesday and Friday - preferably right after dismissal so the food can be loaded right into the volunteer's vehicle. Volunteer should work with building admin to determine easiest pick-up spot. Principals asked for the name(s) who would be contacting them to work this out so they can be on the look-out for the email/phone call. If you can get me those names I will forward to the group.

### **High School**

Oswego High - Community Cares would swing by at the end of the new 4-6PM curbside pickup for any extras on Mondays and Thursdays

Oswego East - Similar to the JHs, Community Cares would pick-up extras on Tuesday and Friday 12:30-12:45 at the dock.

I spoke my lead at Aramark - she has adjusted the HS numbers down by 150 bags so there are significantly fewer 'leftovers'.

So my question is, how soon would you like to start this? Feel free to call me if you want to talk this through - Office: 630-636-3180 / Cell: 630-383-6592

Thanks Robyn!

I'm just helping with this one. The Chamber of Commerce is taking the lead on volunteers but I thought maybe I could get them some extra help.  
We had a walk through yesterday with the health department at OE and finalized where everything was going to go. I think one Sunday is 2,000 vaccines and the other is 2,300.  
We're getting there!

Good Morning,

I have created an Excel sheet that lists the available shoes we currently have in the OE Care Closet. [Please use this](#) to record any needed shoes for students -- there are still 19 pairs available. The shoes are New Balance, and are available in a variety of colors and sizes.

Let me know if you have any questions,

We just dropped them off. 31 pairs of running shoes of various Men's and Women's sizes. Please let me know if they are something that will be used or you are in need of. We usually head downtown Chicago and hand them out to the homeless. The owner of DNA like to keep his donations local so Justin mentioned the Care Closet.

Good afternoon!

I am the Community Relations director for **DNA Active Lifestyle Outfitters** in downtown Plainfield. We have never been worn athletic shoes that we are looking to donate somewhere. We would like to know if the care closet is in need or want them? Lmk and I can drop them off.

I agree, Patty has done an amazing job adapting to the needs of families!

On the survey we did, 75 kids said they couldn't pick up food. That's a really small percentage of students. I don't want to ignore them, but I also don't want to create an elaborate system. I also know if we start delivering, people will rely on us instead of going themselves, which isn't the end of the world, but also not what our intentions are this time. I just don't know what to do.

I'm glad to hear numbers have adjusted and there's less waste. I knew that would happen, but the negative Nellies wouldn't shut up about it. Lol

Geeesh!!! I know that is a LOT of coordinating and we have adjusted our curbside pick-up to accommodate more families' schedules. I'm wondering if meal delivery is needed in addition to the evening pick-up - which has been VERY successful! I spoke to the elementary principals and they have gotten no feedback about their students not being able to get meals. We have asked families to contact their building office or Patty at Aramark if their student/family can not get meals from school or through curb side pick-up. Patty and her Aramark staff have been so accommodating (and all around AWESOME) for these families as they share our common goal - feed our kiddos (especially those in need).

Also, Aramark has adjusted the meal counts at the JH and HS and there is far less waste than the first week or two. I have asked the JH principals to let students take home additional meals for siblings - all reported that they are allowing this.

Parents and teachers from elementary schools also started reaching out after those threads saying there was a need so this idea evolved. I'll be honest, I'm not in love with it because it will be a ton of coordinating, but I really hate the thought that there are elementary kids going hungry. We are totally open to suggestions of other ways to make this work if you have them.

Patty, that is so great to hear. Thank you so much for all of the flexibility you have shown to get food to families. You are one of the unsung heroes of the pandemic! I can promote the additional times through Community Cares so hopefully we will reach more families. For now, I think we should just let you continue to do what you're doing. If either of you are contacted by families that absolutely cannot do any of the pick-up times, let me know and we'll get them set up with a driver to pick up meals for them. How does that sound?

Parents have been e-mailing the Food Service e-mail address if they have questions regarding any accommodations that they may need. I can also designate Friday as an emergency pick-up day on the website for both OE and OHS if the days of pick-up are the issue for families. I would just need the parent to reach out to me so that I can coordinate with both locations when the parent would arrive, where, time and how many meals. Staff at both locations would run meals out to their vehicles.

Let me know if you think the addition of the "emergency" day designation would help and we can communicate that immediately.

Thank you both for everything that you are doing!

Hello! I had a family reach out through one of the schools about registering for the Oswego satellite food pantry and if someone can help deliver her food.

Robyn, can I email you her information for volunteers to deliver?

Elizabeth, I'm getting her registration information.

What am I missing? I feel like my brain isn't working today....

I'll get her on the list. I usually just email them to let them know.

Thanks!

Have a great break! (Hope you actually take one. ;)

Hi Robyn,

We have another family who is in need of food delivery. If you could add her to the list of families that your groups deliver for, we would appreciate it. I don't know how you usually communicate with the families to let them know that you will be doing their deliveries but below is the info.

[REDACTED]

Thanks for helping this family.

Elizabeth

Good evening,

I would like to coordinate a meeting so that Greg can meet Robyn to discuss how we should move forward with the care closet. Would you all please reply all with some times and days that you are available so that it is easier to coordinate. I can do anyday after 12:00. As soon as I hear back from everyone, I will send an invite.

Thanks,  
Elizabeth

How cool is this? It's a program at the university in my hometown. I know it's down the road, but it would be awesome to do this at the pantry too.
