Re: FOIA Request received on 10/29/2021

Subject: I am requesting digital copies of documents/records detailing the following:

- number of devices (i.e. laptops, tablets, wi-fi hotspots, etc) given out for remote learning and internet connectivity for the 2019-2020 and 2020-2021 school years.
- cost of those devices for those same years
- inventory status of those devices (returned, missing) for each of those school years
- current inventory status of those devices
- replacement devices and cost for those missing in each of those two full school years

Dear Ms. Thompson:

This letter will serve as Oswego Community Unit School District 308's response to your October 29, 2021 request under the Freedom of Information Act (5 ILCS 140/1 et seq.), in which you asked for the above referenced information.

From 3/15/2020 – 7/31/2020 we distributed 2,903 devices; between 8/1/2020 - 7/31/2021 we distributed 13,155 of which 7,707 were 1:1 devices and 5,448 were devices that were previously in carts, which when purchased were about \$310/each. The 7,707 devices were a new model and specifically purchased for the new 1:1 program and cost about \$260/each.

At this time, inventory status, replacement devices and/or costs data is not available.

To promote district transparency and assist others who may have a similar question, this responsive document will be posted online on the district's website. To access it, go to www.sd308.org and select *Our District > Freedom of Information Act Request > FOIA Request Responses > FOIA Requests Responses - 2021 > then select FOIA ID #21-78.*

Please let me know if you have additional questions. Thank you.

John Petzke
